Here's what superstar Kunal, RMT says about Why Miller Health?: "My decision to work at Miller Health was based on the 2 things: The vast experience of the practitioners working there, for me it is an opportunity to learn from others who are already great at their craft! 2nd reason was the warm welcome I received from Matt during the interview process as well as the willingness to accommodate my schedule. My experience working at Miller Health so far has been amazing, it is a pleasure to work with such an awesome team from all the therapist and the front desk."
